1 Accounting policies

Basis of preparation

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities (effective April 2008).

Turnover

Turnover represents the value, net of VAT and discounts, of goods provided to customers and work carried out in respect of services provided to customers.

Tangible fixed assets policy

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives:

Fixtures & fittings 50% straight line

Going concern

The Directors will continue to fund the company for the foreseeable future or until it becomes profitable.

Deferred taxation

Deferred tax arises as a result of including items of income and expenditure in taxation computations in periods different from those in which they are included in the company's accounts. Deferred tax is provided in full on timing differences which result in an obligation to pay more (or less) tax at a future date, at the average tax rates that are expected to apply when the timing differences reverse, based on current tax rates and laws.

Deferred tax is not provided on timing differences arising from the revaluation of fixed assets where there is no commitment to sell the asset.

Deferred tax assets and liabilities are not discounted.

A deferred tax asset of £13,644 (2014: £11,139) is included in Other Debtors on the basis that the company will have future profits against which the tax asset can be utilised.
