Notes to the Abbreviated Accounts for the period ended 31 March 2013**1 Accounting Policies****Basis of measurement and preparation of accounts**

The accounts have been prepared under the historical cost convention and in accordance with the Financial Reporting Standard for Smaller Entities effective April 2008.

Turnover policy

Turnover represents the value, net of value added tax & discounts, of goods provided to customers & work carried out in respect of services provided to customers.

Tangible assets depreciation policy

Depreciation

Depreciation has been provided at the following rates in order to write off the assets over their estimated useful lives.

Plant & Machinery 25% Reducing Balance

Motor Vehicles 25% Reducing Balance

Valuation information and policy

Stock

Stock is valued at the lower of cost and net realisable value.

Other accounting policies

Deferred Taxation

Full provision is made for deferred taxation resulting from timing differences between the recognition of gains & losses in the accounts & their recognition for tax purposes. Deferred taxation is calculated on an un-discounted basis at the tax rates which are expected to apply in the periods when the timing differences will reverse.

Leasing & Hire Purchase Commitments

Assets held under finance leases & hire purchase contracts, which are those where substantially all the risk & rewards of ownership of the asset have passed to the company, are capitalised in the balance sheet & depreciated over their useful lives. The corresponding lease or hire purchase obligation is treated in the balance sheet as a liability.

The interest element of the rental obligation is charged to the profit & loss account over the period of the lease & represents a constant proportion of the balance of capital repayments outstanding.

Rentals paid under operating leases are charged to income on a straight line basis over the lease term.
